State Licenses Required by Occupation

Which state agency licenses each type of business

Find your type of business in the alphabetical list below to see which state agency, if any, licenses it and what the state license number usually looks like.

How to read this list: "None" means no state license is listed for that business type. A blank cell means no information was listed. Numbers such as MV12345 show the pattern of a license number, not a real license.

Business type	State agency	Division	State license number format
A			
Accounting	Dept of Business & Professional Regulation	Division of Certified Public Accounting	AC1234567
Accounting (bookkeeping)	None		None
